VICENZAORO
INTERNATIONAL
COMMUNITY
EVENT

Listen. Talk. Share.

Vicenza 12__14 September 2020

Dear Exhibitor,

We are delighted to inform you that IEG's trade show events are re-starting after a long period of inactivity with a new event specifically for the gold and jewellery industry: **VOICE - VICENZAORO INTERNATIONAL COMMUNITY** scheduled to take place in **Vicenza from 12th to 14th September**.

VOICE is the event that gives voice to the sector's re-start. **VOICE** is the stage from which all the sector's key players will have the opportunity to speak to both a physical and virtual international audience.

VOICE is one big showroom where exhibiting companies can present their new collections, latest design trends and most contemporary procedure and processing innovations. An elegant and essential context will welcome those buyers physically participating in the event while all the others will have the chance to meet the companies virtually during digital meetings organized through IEG's business matching platform.

We hope to see you participating alongside us at this symbolic economic recovery event. Please inform us of your intention to take part in the **VOICE** event by indicating your chosen participation modality:

VOICE PRE-FITTED STAND: - **NUMBER OF MODULES :**

VOICE SHOWCASE: - **NUMBER OF SHOWCASES :**

Notes:
