Marchi di Gioielleria

Look è il Distretto riservato ai Brand che vogliono comunicare una propria identità non solo tramite la riconoscibilità del proprio prodotto, ma soprattutto attraverso le suggestioni che il prodotto stesso è in grado di generare. Gioielli ispirati alle dinamiche tendenze della moda, all'energia creativa e alla sperimentazione nel design dei prodotti, realizzati attraverso un mix di preziosi e materiali innovativi. Le creazioni presentate nel Distretto Look trovano la loro collocazione ideale nei mall, nei department store e nei concept store dal sapore contemporaneo e cosmopolita, dove moda e accessori convivono per offrire al cliente un'esperienza di acquisto carica di glamour.

Fine Jewellery

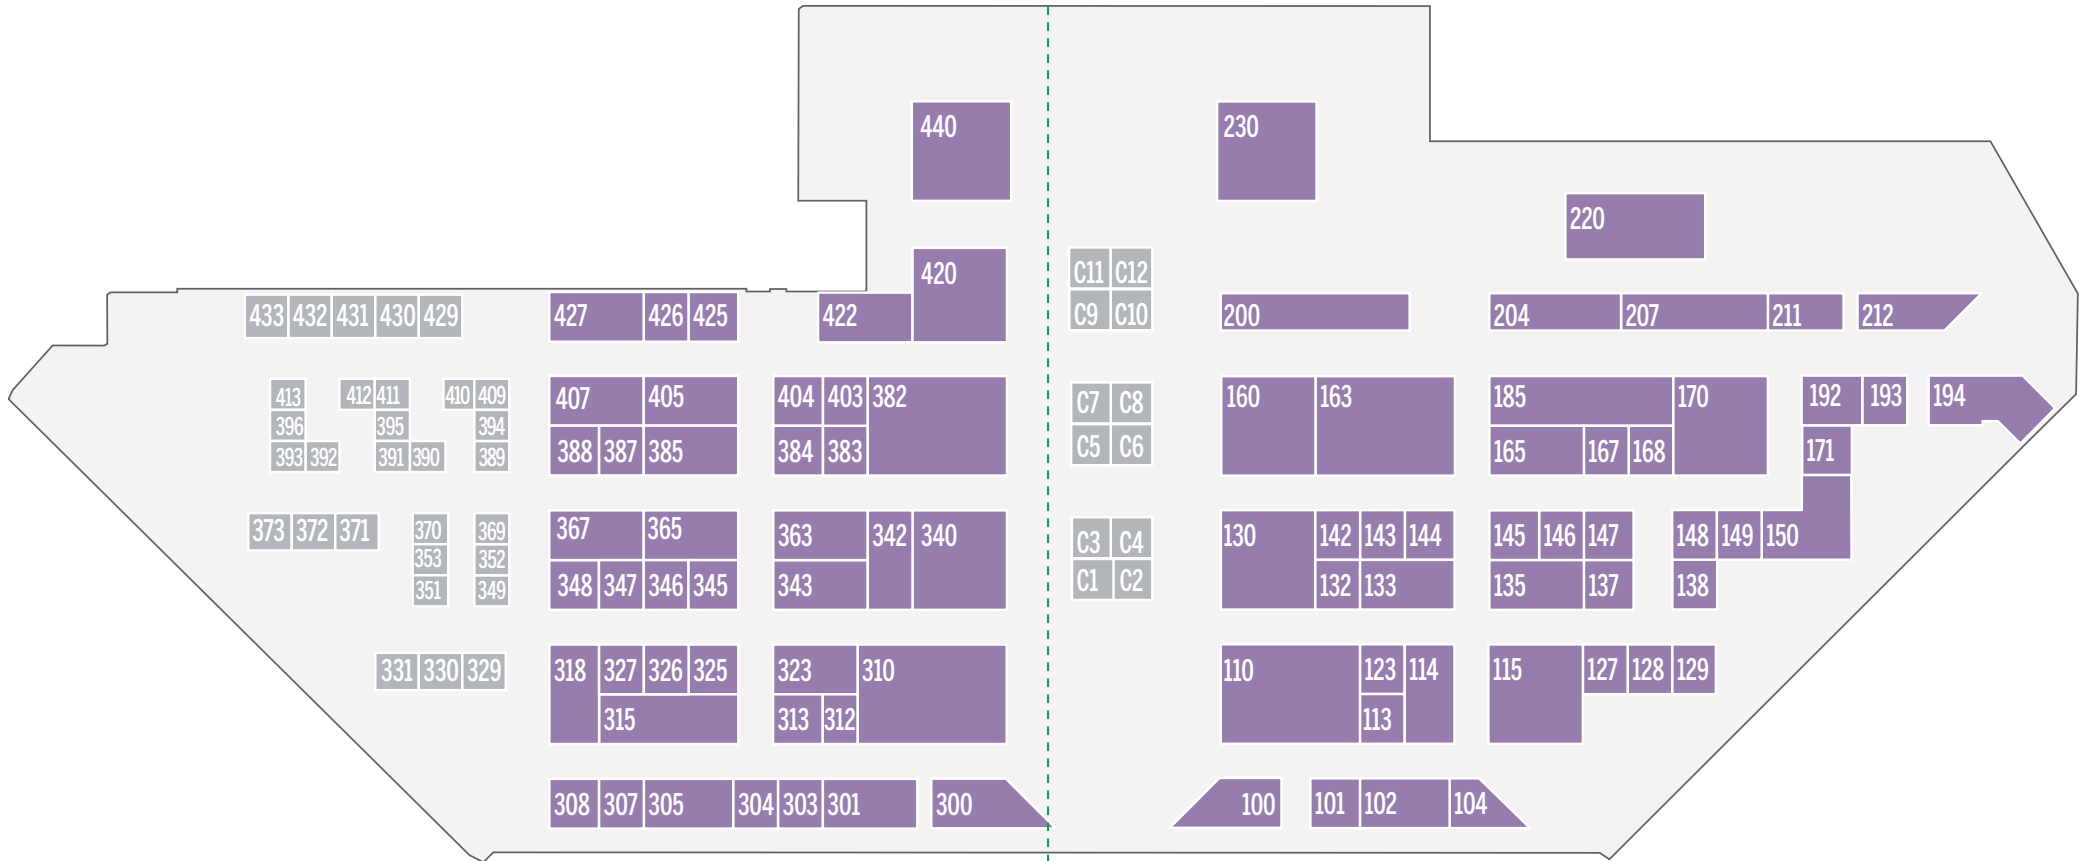

Look is the District for Brands that want to communicate their own identity not only through product recognizability but also, and above all, through the suggestions that the products themselves are able to generate. Jewellery inspired by dynamic fashion trends, creative energy and product design experimentation and made by combining precious metals and gems with innovative materials. The ideal setting for the creations on display in the Look District is in malls, department stores and concept stores with a contemporary and cosmopolitan flair, where fashion and accessories go hand in hand to offer the customer an all-glamour buying experience.
