Our People: The Heart of Our Craft

The passion and expertise of our people are what truly distinguish Advance Manufacturers. Each team member contributes unique skills while sharing our collective commitment to excellence. We invest continuously in training and development, preserving traditional techniques while embracing new technologies and approaches. This balance of heritage and innovation allows us to deliver exceptional quality at production scale.

ADVANCE MANUFACTURERS

Experience Ethical Excellence in Jewelry

Manufacturing with a Trusted Sustainable Partner

At Advance Manufacturers Co., we don't just craft jewelry—we uphold global standards of integrity, sustainability, and social responsibility. As an [RJC \(Responsible Jewellery Council\)](#) certified manufacturer and [SMETA 4-Pillar](#) audited facility, we commit to ethical practices that protect people, communities, and the planet.

RJC certification ensures our operations meet rigorous benchmarks for:

- Human Rights: Fair labor practices, safe working conditions, and zero tolerance for discrimination.
- Environmental Stewardship: Reducing waste, minimizing carbon footprints, and responsibly sourcing materials.
- Transparency: Traceable supply chains, from raw materials to finished pieces.

Sedex's SMETA 4-Pillar audit evaluates four critical areas of ethical performance:

- Labor Standards: Fair wages, reasonable hours, and no child or forced labor.
- Health & Safety: Safe workplaces that prioritize employee well-being.
- Environmental Impact: Sustainable resource use & pollution prevention.
- Business Ethics: Anti-corruption practices and transparent governance.
