

Burkhardt + Bischoff GmbH + Co

Fine jewellery for 80 years

Competences

- German production of jewellery for 80 years
- RJC certified
- Design, prototyping and production all in one
- the latest CAD and 3d printing techniques
- Large series can be produced efficiently by our employees in Asia.
- Production is always carried out by experienced professionals
- Fast, reliable and cost-effective production

The Company

- Founded 1947
- 55 Employees in the head office in Keltern/Germany
- 190 Employees in our factory in Thailand

Main focus of the german office:

Designing, modelmaking, sales, accounting and management

Both companies are owned by the Burkhardt family since 1947 and the 3rd generation stepped into the business in 2024. We do not outsource any of our production. Production methods used at b+b are casting and stamping.

Materials

We are specialized in Gold and do manufacture all possible alloys - 8ct, 9ct, 14ct and 18ct. We do use only gold from recycling and natural diamonds. As a RJC certified company we are committed to ethical and responsible practices in jewellery production. With our two production facilities and our sourcing expertise, which stems from decades of relationships with suppliers in the diamond and gemstone centers of the world, we can offer high quality jewellery at competitive prices.
