Brand Overview

Krisonia Milano is a luxury jewellery brand that embodies a legacy of craftsmanship, artistic excellence, and a commitment to High Jewellery. Founded in Milan in 2019 by CEO Vace Istamboulli, Krisonia pays tribute to the heritage of his family, particularly their founding of Art.Or., a leading jewellery wholesaling and manufacturing company in the 1980s. The name “Krisonia” is a fusion of Vace’s parents’ names, Krikor and Sonia, reflecting the deep-rooted family values and passion that inspired the creation of the brand.

The Milan Connection

Krisonia Milano is deeply intertwined with the spirit of Milan: the global fashion and design capital where history and modernity coexist in perfect harmony. Milan pulses with creativity, energy, and style, offering a rich cultural and artistic heritage that permeates every aspect of Krisonia’s designs. The city serves as the soul of the brand, driving innovation and offering a unique backdrop.

Milano is Krisonia’s DNA.

A Multicultural Tapestry

At its core, Krisonia embraces a multicultural ethos, which influences every piece of jewellery. Drawing from diverse traditions and perspectives, the brand creates pieces that speak to women across the globe. This fusion of cultures results in jewellery that is as versatile as it is artistic, with collections ranging from sleek, minimalist designs ideal for daily wear to opulent pieces of Alta Gioielleria, each embodying the pinnacle of luxury craftsmanship.

Alta Gioielleria

Krisonia's Alta Gioielleria collection is a testament to the brand's commitment to excellence and timeless beauty. Each piece is handcrafted in Italy, employing centuries-old techniques passed down through generations. These jewels are not just accessories but works of art: each one a legacy of craftsmanship, attention to detail, and passion. When you wear a Krisonia Alta Gioielleria creation, you are not just owning a piece of jewellery, but a statement of elegance and luxury that will be cherished for generations.

The brand's dedication to sourcing the finest, ethically mined gemstones ensures that each Krisonia piece is imbued with quality and significance: a valuable investment.

The Krisonia Logo: The Pomegranate

At the heart of Krisonia stands its emblem: the pomegranate.

Sacred across civilizations, this fruit symbolizes life, love, prosperity, and above all, unity. For Krisonia, it is more than a logo; it is a philosophy. Just as hundreds of arils come together to form a single fruit, our jewellery is a celebration of connection: between past and present, between cultures, and between women around the world.

Every Krisonia jewel tells a story: rich in meaning, refined in beauty and timeless in design.

Recognitions

The Maison was honoured with the prestigious Inhorgenta 2026 High Jewellery Award for its exceptional creation, Flower of Light, a masterpiece that embodies Krisonia's distinctive vision and craftsmanship. Further reinforcing its standing among the world's leading luxury jewellery houses, Krisonia has also received several recognitions in Monte Carlo, where its creations were celebrated for their diamond quality, design innovation and unique style. These accolades reflect Krisonia's dedication to pushing

the boundaries of creativity while preserving the highest standards of high jewellery.

Signature Collections

Each Krisonia collection tells a unique story, drawing inspiration from art, nature, history, and the ever-evolving beauty of Milan itself. The designs are marked by their originality, quality, and timeless appeal. Whether you are looking for a statement piece or a subtle, everyday accessory, Krisonia offers a variety of styles that can complement every woman's unique identity.

Anima

Anima represents the inner light of the soul: a symbol of beauty, protection, and deep emotional connection. It embodies the strength of a unique and intangible bond, shining as a reminder of love that is felt in every moment, with sinuous curves of gold gently embracing the central diamond like a protective, luminous embrace.

Volo

Inspired by the golden wings of the eagle, Volo, meaning "flight" in Italian, celebrates freedom, vision, and the power to express one's true self. This collection is dedicated to women who courageously carve their own path, overcoming obstacles with resilience and ambition as they pursue their dreams.

Tricolore

Tricolore is a tribute to Italy and its beauty: an expression of craftsmanship, rich heritage, and timeless style. It celebrates refined elegance and the passion for excellence that defines Italian savoir-faire.

Ladybird

The Ladybird collection reimagines the ladybird in stylized, contemporary forms. Each piece combines harmonious curves with pavé-set diamonds that catch the light with unique brilliance, while an engraved ladybug on the back serves as a hidden talisman, bringing luck and love to the wearer.

Arcobaleno

Arcobaleno is a vibrant celebration of light, joy, and hope, where 18kt gold and coloured sapphires come together to create jewellery that sparkles like a rainbow, in Italian "arcobaleno".

Eclisse

The Eclisse collection is a poetic dance of light and shadow, where moving gold discs reveal a luminous moon of pavé diamonds: a symbol of emotion, transformation, and new beginnings.

Swan

The Swan collection embodies natural grace and timeless beauty, inspired by the elegance of the swan. Diamonds illuminate each piece, highlighting its graceful lines.

Sleeping Beauty

The rarest and most luminous turquoise from the famed Sleeping Beauty mine in Arizona, renowned for its pure sky-blue hue and exceptional quality, takes centre stage in this collection, set into jewels crafted with exquisite artistry, passion, and a sense of wonder.

Taormina

Taormina is inspired by the charm of the Sicilian island that gives the collection its name, capturing its radiant, spontaneous, and carefree spirit. Designed for everyday wear, these jewels feature an ingenious flexible structure, allowing them to remain light and comfortable. Brightly coloured gemstones, paired with diamonds, evoke the warm Mediterranean light and the lively patterns of traditional Sicilian ceramics.
