VICENZAORO SEPTEMBER 2026 ALMOST ALL SOLD OUT

- From 4th to 8th September, Italian Exhibition Group will be giving the gold and jewellery industry a new home: the Vicenza Expo Centre will be 23,000 square metres larger
- T.Gold, a parallel technology exhibition, will also be staged inside the Expo Centre grounds
- CIBJO, the International Jewellery Confederation, has chosen Vicenza for its 100th congress

vicenzaoro.com | People · Product · Places

Vicenza (Italy), 27th May 2026 – The 2026 edition of **Vicenzaoro September** is almost all sold out with just over three months still to go to the start. The international **Italian Exhibition Group (IEG)** event, to be held in Vicenza (Italy) from 4th to 8th September, will have three strong points confirming its status as a core event in the gold and jewellery market's global panorama. Firstly, the **new Hall 2** will be fully operational; secondly, the **T.Gold** exhibition for supply chain technologies will be held inside the IEG Expo Centre grounds; and lastly the **centenary congress of CIBJO**, the International Jewellery Confederation which has chosen Vicenza for this **historic 100th anniversary**.

THE NEW CENTRAL HALL DESIGNED BY STUDIO GMP

Vicenzaoro September will mark a highly significant transition for the international gold and jewellery system. In 2024, IEG announced the redevelopment of the Vicenza Expo Centre as «the gold and jewellery industry's new home». With the new Hall 2 in operation, the Expo Centre will have made a decisive infrastructural advancement following four smoothly-managed **transition editions** during which all product communities continued to exhibit and visitor numbers grew constantly at both the September and January shows. The expansion works began in December 2024 with the laying of the foundation stone for the new central hall, designed by **Hamburg-based studio GMP**, with a total surface area of a further 23,000 square metres on two floors, in order to provide Expo Centre visitors with a better “navigation” experience between the various exhibition areas and the halls where brands will be able to display and communicate their creations to the market in the best possible way. A distinctive trait that makes Vicenzaoro *The International Jewellery Boutique Show*.

WELCOME TO T.GOLD, THE ENTIRE SUPPLY CHAIN INSIDE THE EXPO CENTRE

Starting from next September, Vicenzaoro will be able to present the entire jewellery supply chain inside the Expo Centre grounds, including **T.Gold**, which will be set up in **Hall 4**. Machinery and technologies for the gold industry, previously exhibited only during the January edition in external Hall 9, will thus complete Vicenzaoro's offer, making it even more integrated. From finished or semi-finished products to production solutions, technological innovation and business services. The platform will be more compact, more functional and of higher quality thanks to the distinctive and unique characteristic of the IEG show: displaying machinery in operation.

CIBJO, THE PAST AND FUTURE WILL BE CELEBRATED IN VICENZA

Confirmation of Vicenzaoro's international standing comes from the International Jewellery Confederation, CIBJO, which has chosen to hold its 100th Congress during the next September edition, from 4 to 7 September. This prestigious decision represents an authoritative recognition not only of the event's central role in the global jewellery calendar, but also of the historical, manufacturing, and cultural significance of the city of Vicenza as a jewellery capital.

FOCUS ON

Italian Exhibition Group S.p.A., a joint stock company listed on Euronext Milan, a regulated market organised and managed by Borsa Italiana S.p.A., has, with its facilities in Rimini and Vicenza, achieved national leadership over the years in the organisation of trade shows and conferences. The development of activities abroad - also through joint-ventures with global or local organisers, in the United States, United Arab Emirates, Saudi Arabia, China, Mexico, Germany, Singapore, Brazil, for example - now sees the company positioned among the top European operators in the sector.

This press release contains forecasted elements and estimations that reflect current management opinions (“forward-looking statements”) especially regarding future managerial performances, investments, cash flow trends and financial organization evolution. By nature, forward-looking statements have an element of risk and uncertainty since they depend on future events. The effective results may therefore differ, even significantly, to those announced due to multiple factors including, merely by way of example: the catering market’s foreign trends and tourist flows in Italy, market trends in the gold-jewelry industry and in the green economy; developments in the price of raw materials; general macro-economic conditions; geo-political factors and changes in the legislative framework. Furthermore, the information in this press release does not claim to be complete, nor has it been verified by independent third parties. The forecasts, estimations and objectives presented herein are based on information available to the Company at the press release issue date
